

Offering complete, versatile and innovative packaging solutions to meet the demanding requirements of all industry sectors.

Select Packaging Systems is the exclusive agent for renowned European equipment manufacturers, G. Mondini, Bilwinco and CAMA. Select distributes throughout Australia, New Zealand and South East Asia for key long-term clients including Heinz, McCain, Nestle, Beak & Johnson and Barter Steggles.

Dedicated to providing professional, personalised service at all times, Select also offers a complete logistical support service called Service Uptime which delivers customised solutions to ensure your packaging lines just keep on running.

Select Pedigree

Australian company established in 1996 to satisfy niche markets for businesses with both specific packaging requirements and a demand for premium personalised service. To this end, we have developed a focused portfolio of packaging equipment which provide turn-key solutions tailored to diverse food and non-food applications - all underpinned by comprehensive professional support that consistently meets and exceeds client expectations, wherever they operate in the world.

Partnering for Success

What sets Select apart is our dedication to partnering with clients to fully understand their needs, ideas and future projections. We are as driven to helping our clients achieve their business goals as they are. Maintaining this point of difference requires constant attention because it forms the foundation of everything we do.

Delivering Throughout Your Production Lifecycle

As our business partner, Select's mission is to optimise your automation requirements as quickly and cost-effectively as possible. This involves providing low cost ownership of proven packaging equipment which will deliver at every point of your production lifecycle.

Select's partnership with you begins from the first point of contact and is sustained during every stage of the association; from equipment selection and project management to equipment servicing and provision of spare parts via Service Uptime - our complete logistical support service.

Service expertise when you need it

Service Uptime is all about providing you with peace of mind. Select's highly trained service technicians will be on hand to support your investments. Our professionals undergo structured training programs on an annual basis at our principals' facilities in Europe, including G. Mondini, Bilwinco and CAMA. Service Uptime Service Agreements are partnership agreements tailored to optimise performance of your Select Packaging Systems equipment, even in the most demanding production environment.

Into the Future, with You

Since Select's inception we have successfully implemented solutions across a gamete of industries, including meat, dairy, confectionary, snacks, bakery, ready meals and personal care producers, and continue to help our clients build their businesses into the future.
